FIRE DEMOLISHES FIRST PAVILION ON CHANNEL LAKE

Savage's Landmark Burns, Causes \$6,000 Damage, Thrills Hundreds

A spectacular blaze of fire demolished Savage's, Channel Lake's first dance pavilion, and thrilled hundreds of vacationists late Saturday afternoon which caused \$6,000 of damage and made six families temporarily homeless.

The fire was attributed to sparks from a kerosene stove in the structure which had been remodelled into six small apartments which were generally rented to visitors coming to Channel Lake for a vacation. All the flats were occupied Saturday, and several of the occupants were preparing dinner when the fire broke out.

Crowds Watch Firemen Nearly a thousand people lined the highways or occupied boats on the lake to watch members of the Antioch Fire department check the flames which licked dangerously close to nearby buildings. Around 6:30 the fire seemed to be completely extinguished and the volunteer fire fighters left the scene.

With a sudden shift in the wind, however, smoke started pouring from the burned structure into the Channel Lake pavilion about 100 feet northeast which brought a return trip for the Antioch firemen when W. J. Johnson, manager of the pavilion, put in an alarm. At the same time Mrs. Frank Savage, owner of the razed building, notified the fire department that flames had started to rage again.

Built by Frank Savage, The building was originally built by the late Frank Savage as a recreation center for visitors at the lake and it remained so until the lake's popularity demanded the construction of the larger and more modern pavilion nearby. With the change, the old pavilion was rebuilt into the six small apartments.

When the fire broke out, persons in the building saved personal belongings and movable furniture and took them out doors out of danger. The building was of frame with short concrete pillars. It was one story high with a small attic.

Several trees near the building were scorched, but through the efforts of the Antioch firemen, no damage was done to neighboring cottages or buildings.

Thousands to Attend G. O. P. Get-Together

Republicans of Northern Illinois will gather at Starved Rock state park Thursday, August 8, for a day of get-together, following up the spirit of the "grass roots" conference held at Springfield.

Arrangements have been made for holding the meeting on the hotel lawn. In event of rain the meeting will be held in the big dance pavilion. Senator L. J. Dickason of Iowa who attracted attention to himself as one of the keynotes of the Republican national convention in Chicago, will be the principal speaker at the Starved Rock meeting.

J. E. Hill, of Stroator, county G. O. P. chairman, and Elmer Hitter, secretary, are working with William Lewis, 12th district committeeman, in arranging for the meeting.

Many Illinois Republicans, prominent in their districts, are expected to attend the meeting. Among them will be Justus Johnson, chairman of the state committee; Congressman John T. Buckner, and W. O. Loudon.

Install New Wayne Computing Gas Pumps

Rosing & Wedge of the Antioch Oil Co., have installed two new streamline model Wayne computing gas pumps, the latest method of delivering gasoline to cars.

"When you drive up to one of these pumps," the proprietors say, "you can say 'a dollar's worth,' '5 gallons,' or 'fill it up.' When the delivery is completed the dial will show you the total gallons dispensed, including fractional parts, if any, and the total cost in dollars and cents. There is no chance of error for before a customer is served all numbers must be set back to zero or the gasoline will not flow."

The new installation adds to the appearance of this up-to-date and well-equipped service station.

Mr. and Mrs. A. W. Aronson spent Sunday in Richmond, the guests of Mr. and Mrs. James Todd.

Lotus Beds Start to Lure Hundreds with Their Bloom

Although the late spring and heavy June rains retarded their progress this season, the two thousand acres of lotus beds in Grass Lake started breaking into full bloom over the week-end and the area now is being covered with the famous yellow flowers.

The large yellow blooms which measure from six to ten inches in diameter when mature are supported on stems three to four feet above the water. The recent several days of hot weather brought out the lotus. They generally remain for about six weeks.

ASK SUPERVISORS FOR LEGAL IDEAS ON FUNDING BONDS

Waukegan Taxpayers Petition Co. Board Against \$188,000 Issue

Executives of the Waukegan Taxpayers association have circulated a petition asking the board of supervisors to seek the attorney general's opinion prior to the issuance of the \$188,000 Lake county funding bonds. The issue was passed at the July 10th session of the board of supervisors and becomes effective today.

The association questions the "enactment of such a system of referendum of creating bonded obligations upon taxpayers in the absence of the usual referendum vote of the people who did not have to petition for a referendum."

The supervisors, in the notice of intention to issue \$188,000 funding bonds, gave citizens until August 1 to petition for a referendum vote. Twenty percent of the county's voters, or 7,000 names would be required to place the proposition before the voters according to the supervisors' notice. The taxpayers association contends:

"Lake county's unpaid taxes in 1925 were \$37,587 and since that time the same have aggregated about \$6,447,000 of which \$2,269,332 was for last year. Such big figures for our small community mean that too many farms and homes are being forfeited to the State of Illinois, in spite of the fact that Federal loans have to a minor degree aided in paying off such unpaid taxes while the financial burden remains on the taxpayers in the form of mortgages, some of which are already being foreclosed."

The petition points out that "taxation, without fair representation at the ballot box of the people," through issuance of bonds without giving people the opportunity of a vote on the question, "mean ultimately too much confiscation of property still left the owners."

The recent bond issue passed by the supervisors provides for \$188,000 in bonds to draw 4 per cent interest and to be retired over 16 years beginning July 1, 1940 and ending July 1, 1955.

Illinois Police To Be Equipped for Radio Calls

Plans are fast maturing for equipping all state police cars and motorcycles with radios, advice from the State House at Springfield reveals. Bids have already been received for the complete installation of broadcasting stations over the State in seven different locations but the contracts have not been formally awarded.

Three stations will be located in northern Illinois and three in southern Illinois with the main station on the State Fair grounds in Springfield where work has already begun.

The wave-length will be so low on the dial that very few private radios will be able to receive messages broadcast to the state policemen. It is believed the radio system will be a great aid in checking crime in the State, particularly in the rural areas where it is difficult to maintain constant contact with the troopers.

City Briefs

Mrs. Charles W. Anderson was in Chicago Friday to visit Mrs. Minnie Harms Nease, who is ill from shock of her husband's death three weeks ago. The Neases are known in Lake county for their work of murals in the sky room of the Karcher Hotel, Waukegan. The late Mr. Nease, who died of a heart ailment, was an artist in the Ben Day Department of the Chicago Tribune for 15 years.

ANTIOCH LEGION PLANS FESTIVAL

Local Post to Elect Officers at Regular Meeting Tonight

Plans for holding a four-day festival in Antioch on August 30-31 and September 1 and 2, are being launched this week by the local American Legion Post. Contracts for bringing to the big four-day show a number of entertainment and amusement features have been signed, and the sanction of the village authorities for running the festival was obtained some weeks ago.

There will be nothing allowed on the grounds but clean, wholesome amusement the Legion men announced, and they are making preparations for handling the largest attendance ever seen at a like event in Western Lake county. The festival will be held on the lot at Main and Park streets just east of Ray's service station.

Legion Elects Tonight.

The annual election of officers for the local post will be held in Legion hall tonight. So far as could be learned today there are no new aspirants for office and no flurry of politics has occurred which might place candidates in the field for the elective offices, prominent Legionnaires stated today.

Present officers of the post elected last year are: Commander, O. S. Klass; senior vice commander, Laurel Powles; junior vice commander, Joseph Smith; sergeant-at-arms, Harry Jensen; chaplain, Dr. L. J. Zimmerman; finance officer, George Garland.

Past Commander Walter Hills and Commander Klass are to be delegates to the state convention to be held in Peoria in September.

FARM LAND VALUES UP 20 PCT., BANK SALES INDICATE

Market values of farm lands in Illinois, Missouri, and Arkansas have increased approximately 20 per cent, or about \$10 per acre, it is indicated by sales of the Federal Land Bank of St. Louis.

Good farms in the corn belt bring from \$25 to \$60 an acre more than they did a year ago and are selling at from \$125 to \$175 per acre, according to J. P. Leonard, Aurora, Illinois, real estate fieldman for the bank. Lands are described as medium to good are up about \$10 an acre over 1932 and sell from \$30 to \$60 per acre. Low grade farms, regarded largely as submarginal, have increased to only a small extent in sale value and are on the market for from \$10 to \$25.

Most of the rise in value, Leonard said, has occurred within the last two years and was more noticeable from last September to the present. Since January 1, the Federal Land Bank has sold 252 farms for \$772,090. Down payments in cash run to about one-third of this sum. Last year during the same period, the bank disposed of 224 farms for \$663,490.

Mr. Leonard listed as reasons for this rise in farm land values the increase in the sale price of livestock and crops, an increased demand from farmers for farms, and the refinancing activities of the Federal Land Bank.

"Ninety per cent of the funds loaned by the Federal Land Bank has been used to refinance existing indebtedness," Mr. Leonard said. "This has stopped thousands of foreclosure sales and has kept many farms off the market."

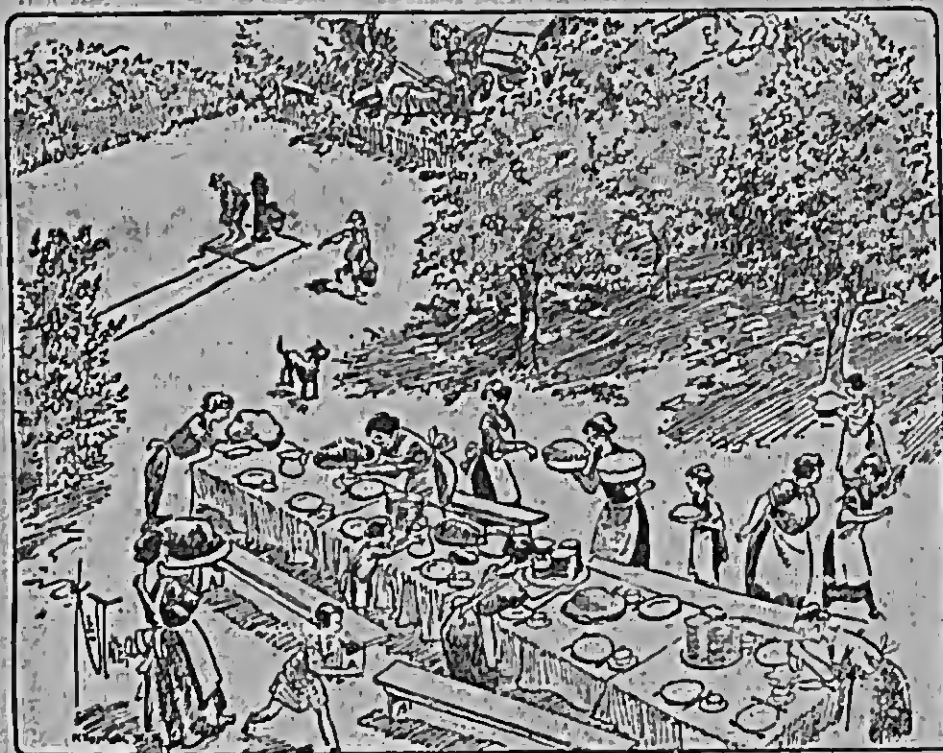

State to Restock Lakes with Fish

More than 10 million small fish will be dumped into Illinois lakes and rivers this year with a good portion going into the Lakes region. It is announced by Charles F. Thompson, director of the department of conservation. The fry will include bass, crappie, bluegill, sunfish and perch, the report discloses. The conservation department was unable this year to obtain any walleyed pike. Plans are being formulated for ridding the lakes of such predatory fish as gars and dog fish.

MRS. PANOWSKI IS TAKEN TO HOSPITAL Mrs. Joseph Panowski was taken yesterday to the Burlington Memorial hospital where she will undergo a minor operation today.

Mrs. Mary Mahr and son, Elmer Mahr, of Milwaukee and Mrs. William Talle of Chicago were week-end guests of Mrs. Elberta Straghan.

The Thresher's Harvest

LAKE CO. LEGIONS HOLD CONVENTION

Antioch Post to Participate with 1,500 Legionnaires Sunday

Plans for the annual convention of the Lake County Legion, to be held in North Chicago Sunday, August 4, are fast taking form, according to Otto S. Klass, commander of Antioch Post No. 748.

In addition to the regular convention business, a huge "Americanism Parade" which will include no less than fifteen drum corps, 1,500 Legionnaires, their wives, sons and daughters will be held.

Each of the Legion posts in this district are now at work on a float which will portray some historic or civic incident in the history of its community, State or Nation.

In addition many of the North Chicago and Waukegan industries have signified their willingness of entering a float because of the nature of the event.

Because of the nature of the event—a display of Americanism—Commander Klass has invited all the citizens of the community and surrounding territory to set aside Sunday, August 4th for that event. According to the Commander there will be a big drum corps contest after the parade to which everyone is invited without charge. This will be held on the athletic field in Foss Park, North Chicago.

Local people desiring to attend will find ample parking space for which no charge will be made, right in the park where their cars will be guided to suitable spaces.

The local post of the Legion will be represented at the convention and in the afternoon parade which will start promptly at 1:30 P. M. winding through the streets of North Chicago and ending in Foss Park.

Last Installment Of Tax Bill Due

Statements for the second installment of the general taxes payable this year have been sent from the county treasurer's office. It must be paid on or before September 1 to avoid the 1 per cent penalty a month.

The two installment plan for the payment of general taxes on real estate and personal property was inaugurated three years ago to permit property owners in Lake county to make partial payments during the summer to escape the penalty. The first installment was due June 1, as was the case payment of personal property taxes.

Delinquent lists of all taxpayers who have failed to complete their payments on or before September 1, the final day for paying the levy on the 1934 valuations, will be published shortly after September 1. A petition for a court order to hold a tax sale will have to be made before County Judge Perry L. Persons at the beginning of the October term of his court.

F. M. Benner Dies at Channel Lake

Florence M. (Lave) Benner, for many years a summer resident of Channel Lake, died at his home in the Channel Lake Bluffs subdivision Sunday. He had been failing for several months following a stroke.

Funeral services were held yesterday (Wednesday) morning from 3:40 Jackson Blvd., Chicago, to Our Lady of Sorrows church with interment in Calvary cemetery.

Mr. Benner is survived by his wife, Loretta McNichols Benner; two brothers, Edwin and Frank; and a sister, Mrs. William D. Kent. He was formerly connected with the electrical trade in Chicago before his retirement a few years ago.

LYONS CERTAIN TO CONTEST FOR HIGH STATE POST

Republican Leaders in State See Him as One of Strongest Members of Party

Richard J. Lyons, of Libertyville, outstanding member of the state legislature is regarded as a certainty as a candidate for state office on the Republican ticket, next year.

Leading Republicans in the state, regarding Lyons as one of the strongest members of the party are grooming him for one of the more important state offices. He has been mentioned as a candidate for Lieutenant Governor but this has not been determined definitely.

Effectively in Fighting Taxes The stand of Lyons in the state legislature against the promulgation of new forms of taxation on the contention that the present administration is receiving more than twice as much as it now needed to operate the affairs of the state has won him statewide attention and cooperation. He was the most determined and effective figure in this fight in the state legislature this year.

He contends that the present state administration is founded on waste and is especially critical of the action of Governor Homer in dropping the tax on real estate and then resorting to the sales tax to raise funds with which to finance the state government, declaring that the action was one of adding to the taxes of the poor while lessening that of the rich.

"It didn't relieve the small home owner," Rep. Lyons referred to the sales tax, "for the change increased his burden. The state tax on the small home was about \$3.50 a year. If the owner of that home has an income of only \$1,200 a year he spends half of that for necessities and 3 per cent of \$600 is \$18, the amount he is paying into the general revenue fund in place of the \$3.50 he used to pay."

"This record banns the governor and it's coming back to haunt him in the next campaign. That's the reason the Democrats, I am told on good authority, are going to try at a special session of the legislature this fall to amend the sales tax law so that the merchant cannot flat the tax as a separate item but must include in his own selling price—to take the stigma off the governor."

Keeps Own Counsel Mr. Lyons has not confirmed the reports that he will be a candidate for state office probably being content to permit the state organization to weigh its possible candidates before taking action. It is generally believed in political circles, however, that the Lake county man will be one of the strongest candidates on the Republican ticket next year.

Basket Picnic For Farmers to Draw Big Crowd

Farm folk of LaSalle county will play the role of hosts to farmers of adjoining counties at a big basket picnic at Starved Rock state park on the Illinois river midway between Ottawa and La Salle, Sunday, August 4.

The morning hours will be free time for the visitors when they will have an opportunity to visit some of the places of interest in the park and inspect the work that has been done during the past two years by two companies of CCC, representing approximately 150,000 man days.

At noon families and their friends will be gathered into hundreds of groups for their picnic dinners and at 2 o'clock a big WLS program will open in the dance pavilion, featuring Tom Moore and his Cornhuskers band.

At 5:30 on the hotel lawn O. D. Brissenden of Pontiac will speak to the farmers, his subject being "From Four Hoss to Eight Cylinders." Brissenden has spoken to LaSalle county farmers several times, and when the selection of a speaker was taken up, all agreed upon him.

Losses Tonnelle Tuesday Harold Tonnelle of Chicago is spending a week's vacation here with his mother and husband, Mr. and Mrs. Lawrence Hoffman. Tuesday Harold had his tonsils removed at the Waukegan clinic. For several years he has been connected with the Lion & Healey Music company in Chicago, and recently was given a promotion.

Woo is the printer whose type box mislaid the sacred "Holl Hitler" to "Helli Hitler." Seems "helli" means "Cure" as in Hama.

THE ISSUE OF FREEDOM

A recent editorial in Liberty said: "Our pioneer ancestors were determined to be free men. They wanted the privilege of guiding their own destiny, of forming their own government, of living their own lives in accordance with the dictates of their conscience and intelligence. And they valued their citizenship, the Constitutional rights delegated to them. As citizens they were far better informed about their government than we are today. We were born into it. It has come to us through inheritance. And like the idle shiftless sons of rich men, having made no sacrifices for our liberties, we value them lightly. And perhaps much of the freedom we now enjoy may be lost before we awaken to the dangers that now confront us."

Too many Americans pay no attention to government. They accept the proposal and passage of laws that are opposed to both the letter and spirit of the Constitution without complaint. They watch the growth of political bureaucracy, and the centralization of political power, without the slightest regard as to what that may do to our institutions.

Recent decisions of the Supreme Court in the NRA and other cases have, it is to be hoped, helped to focus a measure of public attention on the issue of freedom versus political dictatorship. If America is to be maintained as a free democracy, the home of free temporizing with those who would change our system of government—even as there can be no compromise between individualism and socialism, communism or fascism.

VITAL SERVICE TO THE FARMER

An example of the vital services that good cooperative institutions provide for their members—services that are not obtainable elsewhere—was provided during the recent eleventh annual session of the American Institute of Cooperation.

Executives of cooperative dairy associations, coupled with research experts, made the most searching probe in ten years concerning the national and international outlook for marketing America's dairy products.

The probe and the ensuing appraisal included factors of production; the trend of consumption; the effect of imports on both dairy products and competitive oils and fats; the extent to which two years of operation under federal and state control has changed market conditions; the possible influence of reciprocal trade agreements upon dairy products; and similar questions which affect the future welfare of the dairy farmer.

It is impossible to exaggerate the worth of such a probe. Leaders of dairy cooperatives throughout the country will be much better prepared to cope with the marketing and price problems they face, and to inform their members as to the best course of future action. They will be able to scientifically develop plans, and to proceed with greater confidence and certainty.

SANE SAFETY MEASURES

Writing in Public Safety, Robert L. Catlin points

out that there are three factors involved in solving the automobile accident problem—Education, Engineering and Enforcement. He then says that Enforcement represents the weakest link in the chain, and makes specific suggestions for strengthening and improving our legal machinery for coping with reckless and incompetent drivers.

First, every state should enact the "standard" drivers' license law, providing for a thorough examination of all applicants for licenses.

Second, there should be more suspending and revoking of licenses of drivers who are congenitally unable to operate their cars safely.

Third, separate traffic courts should be established, whose purpose should be educational as well as punitive.

Fourth, traffic schools should be set up for violators of driving laws, under the supervision of the police department. This has been done in several cities, and the work is meeting with great success.

Fifth, there should be more adequate protection for pedestrians—who are the worst sufferers from dangerously driven automobiles—such as walkways and overhead and under ground passages across congested intersections.

Sixth, a Citizens' Advisory Committee should be created in every city to cooperate with the Commissioner of Motor Vehicles in an effort to further increase the efficiency of traffic law enforcement, and to educate and interest the public in safety work.

These suggestions are simple and workable, and they can be put into effect in any town or city. They point the way toward saving thousands of lives that are now needlessly destroyed by automobiles each year.

MAYBE THEY WERE HONEST

The action of the House of Representatives in voting down the "death sentence" clause of the Wheeler-Rayburn utility holding company bill, has been followed by a vast amount of recrimination, denunciation and plain name-calling.

It is said, for example, that the vote was swayed by a powerful utility lobby which led the Representatives around by their noses, at the expense of the public interest. And, on the other side of the fence, it is said that pressure from political sources likewise caused representatives who were really against the bill, to vote for it.

It doesn't seem to have occurred to any of these commentators that the Representatives may have simply voted as they are supposed to vote—on the basis of what they honestly believed to be in the public interest and compatible with their duty, and that the vote thus reflects the genuine sentiment of the nation.

There is evidence enough to suggest that as the true answer. More than a million people wrote their Congressmen about the bill—and the majority of the letters opposed the death sentence. When the hearings were held, a legion of responsible observers testified for and against the bill—and again the majority were opposed to the death sentence. Some of the best known of the Representatives, during the floor debate, spoke against the death sentence—and their arguments were not political, but social and economic.

It is certainly reasonable to assume that the Representatives who voted for the bill believed that the death sentence was good and necessary—and it is also reasonable to assume that the large majority which voted the other way were equally sincere and honest. The death sentence lost by around a two-to-one majority—and the best guessers as to the state of public opinion think that a national referendum would produce about the same result.

TREVOR

Mr. and Mrs. Joseph Letzer, Mr. and Mrs. George Letzer and son, Joseph Letzer, Jr., and Albert Mutz, Jr., and Kathryn Mutz, all of Chicago, spent the past week at their club house, Diana Lodge, on Camp Lake.

Hiram Patrick returned to his home in Burlington after spending the past week with his nephew, Milton Patrick.

Mrs. Ed Mutz and niece were Kenosha visitors Wednesday.

George Keulman, Antioch, was a Trevor caller Tuesday.

Mr. and Mrs. Eugene Frank, Silver Lake, called at the Kermit Schreck home Wednesday.

Mrs. Charles Oetting entertained Miss Florence Griep, Evanston, Ill., on Tuesday.

Mr. and Mrs. D. A. McKay and niece, Miss Ruth Thornton, visited friends in Park Ridge Tuesday.

Farmers are busy harvesting their grain which is a fine crop.

Mrs. Mattie Copper, daughter, Pauline, and son, Allen Copper, called on her daughter, Gertrude, at the General Hospital, Madison, on Thursday.

Mr. and Mrs. Ed Elsenhart, Burlington, called on the Patrick families Friday afternoon.

Albert Mutz, Jr., and Joseph Letzer, Jr., Chicago, visited their cousins George and Raymond Schumacher, on Thursday and Friday.

Miss Lucille Schumacher returned home Saturday after spending the past two weeks with her cousin, Miss Bernice Hamer, Chicago.

Mrs. Henry Ernie, daughter, Irene, and a cousin are spending this week with relatives in Chicago.

The Willing Workers enjoyed a potluck dinner at the Nellie Runyard grove on Thursday.

Mrs. Alfred Dahl entertained on Thursday, Mrs. Peterson, son, Andrew, Mrs. Bassinger, and Miss Lillian Hansen, Waukegan, Ill., Mrs. L. Hansen and daughter of Racine, Wis.

Mrs. Charles Oetting and Mrs. Joseph Smith visited the former's mother, Mrs. Frank Laseo and the latter's sister, Mrs. Samuel Mathews, in Kenosha Thursday.

Mr. and Mrs. George Higgins and daughter, Geraldine, Wilmet, called at the Kermit Schreck home Thursday evening.

Mrs. Ed Yopp and Mrs. Jessie Allen were Kenosha shoppers Thursday afternoon.

Mr. Olson, Janesville, Wis., was a business caller in Trevor Thursday.

Mrs. Charles Oetting and son, Lewis, motored to Waukegan Thursday evening where they called on Mrs. Al Martin. Betty Jane Martin returned home with them for an indefinite stay.

Mrs. Nuderberg, Milwaukee, was a

business caller in Trevor Friday.

Russell Longman attended a recreation meeting in Bristol Friday.

Mrs. Jessie Allen entertained a niece and family from Chicago Saturday night and Sunday. She and her daughters, Eloise, Elaine and Priscilla, returned to Chicago with them to spend a week with her sister-in-law.

Mr. and Mrs. Albert Mutz and children, Chicago, were Sunday visitors with their sister, Mrs. Pete Schumacher and family.

Guy Lotius, Wilmet, was a Trevor caller Saturday.

Among the Kenosha visitors Saturday were: Tom Fleming, George Schumacher, Mrs. Daniel Longman,

son, Russell, Miss Mary Runyard and

Mr. and Mrs. Joseph Smith.

Mrs. C. Shottliff and sons, Harley and Roland, Wilmet, were Trevor callers Saturday.

Mr. and Mrs. Holmes and son, Madison, Wis., spent the week-end with Mrs. Holmes' parents, Mr. and Mrs. Frank Iahn.

Mr. and Mrs. M. Johnson, Forest Park, called on Trevor friends Sunday.

Kathryn Mathews, Kenosha, who is staying with her sister, Mrs. H. Albers, Silver Lake, spent Sunday and Monday with her uncle and aunt, Mr. and Mrs. Joseph Smith.

KRAUSE KOOKOO EGG MASH

With Double the Cod Liver Oil FOR HEAVY EGG PRODUCTION

NOW is the time to buy a good laying mash. Krause KOOKOO EGG MASH is laboratory controlled—balanced and fortified with minerals and vitamins for high production. It contains twice the usual amount of cod liver oil—added protection for heavy layers. Try a bag today. No premium for this extra quality.

WILMOT

Lutheran Mission Festival Sunday Peace Lutheran Church will celebrate its annual Mission Festival next Sunday, August fourth. There will be three services. The following pastors will be the speakers of the day: Rev. H. J. Diehl of Lake Geneva at the English service at 10 A. M.; Rev. Alfred Mankie of Mukwonago at the German service at 2:30 P. M.; Rev. Harry Shiley of West Allis at the English service at 8:00 P. M.

A chicken dinner will be served by the ladies of the congregation at the parish hall at noon.

Mr. and Mrs. Will Cole, of Florida, are spending this week with Mr. and Mrs. Eugene McDougall.

Winsor Madden, Chicago, was out for the week-end with his parents, Mr. and Mrs. Fred Madden.

Mr. and Mrs. Edward De Long, Ruth Knight and Glen Hetzler, of Racine, were recent guests of Mr. and Mrs. James Owen.

Mr. and Mrs. Paul Voss and family, Mr. and Mrs. Clinton Voss, Harold Gauger and Fred Fisher attended the Elfers family reunion at the home of Mr. and Mrs. Elmer Elfers in Kenosha on Sunday.

Mr. and Mrs. P. J. Meyers and children of Waukegan spent Sunday with their parents, Mr. and Mrs. F. Beck.

Mr. and Mrs. H. Richards, of Chicago, were out for the week-end at their Wilmet cottage.

The M. E. Sunday school is to hold its annual picnic at the Elverman woods across from the CCC camp on Saturday, August 3rd. The picnic will start at eleven in the morning.

Mr. and Mrs. H. C. Shottliff and family were guests Sunday of Mr. and Mrs. Clayton Lester at Spring Prairie.

Mr. and Mrs. Clifford Pacey were Sunday guests of Mr. and Mrs. Gus Spitzbart at Ringwood.

Miss Martin Volot, of Kenosha, was a Sunday guest of Mr. and Mrs. C. Pacey.

Mr. and Mrs. Basil Medley and son, Douglas; Howard Zorob and children, Barbara and Dick, of Milwaukee; Mrs. Clara Morgan and daughter, Alleen Morgan, Dr. B. Roman, Mrs. L. Main and daughter, Mingo, and Mrs. Sarah Brown of Chicago were entertained at the Hunkel home, Sunday.

Mr. and Mrs. Fred Lott, of Genoa City, spent Sunday with Mr. and Mrs. Lynne Sherman.

Mr. and Mrs. G. Robinson of Piko-ville Sunday for the day with their parents, Mr. and Mrs. Bernard La Plac.

Ray Rudolph spent Monday in Milwaukee.

Thursday, August 1st, there will be a card party for the benefit of the Holy Name church at the Red Barn, on the Knights of Columbus golf course. A committee of women from Chicago and Twin Lakes is in charge of the affair.

Miss Ellen Finan, who has been a guest of her brother, Rev. John Finan, for the past three weeks, returned to her home in Milwaukee on Tuesday.

On August 7 the following committee of ladies will give a card party in the basement of the Holy Name church: Mrs. Bussler, Miss Mary Gallagher, Mrs. Dexter, Mrs. W. Sackner, Mrs. R. Young and Miss M. Lavelle. Play starts at two o'clock.

Mr. and Mrs. Harry McDougall announce the marriage of their daughter, Fern Elizabeth, to Russell Ed-wood, of Antioch, on Saturday afternoon at Woodstock, Ill.

Committeemen Joseph H. Donahue and Alderman Albert S. Schultz of the 47th Democratic ward organization of Chicago, are to entertain from 300 to 350 of the ward workers at an annual dinner on Sunday at 2:30 p. m. at the Holy Name church dining hall. The ladies of the congregation will serve the dinner. Many prominent democrats are to be present: Judge Erwin Haston and Asst. State's Atty. Frank Donahue of Cook county, and Clayton Smith, president of the Cook county board.

Mr. and Mrs. G. W. Lewis, Billy, Jr., and Laura Lee Lewis returned to Milwaukee Sunday night after a vacation spent with Mrs. F. Lewis, Mr. and Mrs. F. Burroughs at Wilmet. Anna Marie Carey, Twin Lakes, returned with Laura Lee as her guest this week.

The local CCC camp has received around 75 new men in the past two days. 117 new men will be enrolled at the end of the week.

Miss Rosa Buffon, Clyde Buffon and son, Robert, Kenosha, are guests this week of Mr. and Mrs. Ray Buffon.

Mrs. Ray Ferry, Kenosha, spent Sunday with Mr. and Mrs. T. C. Lotius. Mr. and Mrs. Ed Scott of Fox Lake and J. M. Jimeson of Hebron visited them during the week.

Mr. and Mrs. Harry Boetcher and August Boetcher from Caledonia, spent Sunday with Mr. and Mrs. Charles Kanis.

Mr. and Mrs. F. Dymond, of Libertyville, spent Tuesday and Wednesday with Mr. and Mrs. Ray Buffon.

Mrs. M. Stevens returned Thursday from a 4000 mile automobile trip to Maine with her son and daughter, Mr. and Mrs. A. R. Ogdon, of Chicago. They were gone three weeks and were entertained by Dr. and Mrs. R. M. Lee's at Gray, Maine.

Alfred Reynolds, accompanied by

Mrs. W. Peterson and children, have returned from a week's motor trip to Withee.

The Wilmet Community Band played at St. Peter's Festival Sunday evening at Spring Grove. Their next engagement is at the 4-H Club Fair at Paddock Lake Thursday evening, August 15. C. M. Olsen, of Woodstock, is their instructor.

Mrs. James Montgomery and daughters, Hazel, of Wisconsin Dells and Mrs. J. Steln, of Madison, spent Friday afternoon at the Carey home.

Mr. and Mrs. Albert Verstrat from New Jersey spent Thursday with Miss Rose Yanny.

The Wilmet Fire Department Soft Ball team is to play Sorenson's of Channel Lake Monday evening, and Richmond at Spring Grove on Thursday evening of this week. They lost their first league game with Johnsburg, 3-2.

Mr. and Mrs. J. A. Nolan of Oak Park and Grace Carey made a three day motor trip through northern Michigan last week.

The Riksdag in Sweden

The Riksdag in Sweden is particularly notable among European parliaments because it exercises a power greater than that even supposedly held by the throne. The king governs by the consent of the governed, not by divine right, the governed being represented by this all-powerful assembly. The monarchy could be abolished and a republic established by the vote of two consecutive Riksdags between which there had been a general election.

Flowers as Traps

There are flowers that close immediately bees and other insects lodge inside them, and in the tropics there are larger specimens which ensnare small birds and mice. Scientists say that they extract the blood from small animals and birds and eject the carcasses. Gae, a Javanese flower, lures mice into its mouth and drowns them in fluid. Another kills dogs and even goats with its poisonous fumes.—Tit-Bits Magazine.

The Ebionites

Ebionites is a general name given to Jewish Christians who remained outside of the Catholic church from the apostolic age down to the time of Jerome.

Allow for Expansion, Contraction

The effect of cold and heat on steel in bridge structures must be taken care of through a space that will permit expansion and contraction, or the strength of the structure would be impaired.

Yesterdays

News of Bygone Years in Western Lake County

Forty Years Ago

Charley Emerson was up from the city one day last week.

Miss Inez Jamison started last week for a visit with relatives in Nebraska.

Mrs. O. P. Moody and two sons of Waukegan are visiting friends in and around Antioch.

A. M. Barber of Salem has erected a small building on Main street next to Dickman's blacksmith shop to be used as a candy and peanut shop.

Mrs. Underdown and Mrs. Mulr of Chicago were guests of relatives and friends in Antioch and Trevor this week.

Mr. and Mrs. Anthony Schorf of Wilmett visited their son, W. C., in Antioch recently, and expressed great surprise on the improvements in the village since their visit here some time ago.

J. D. Doyore of the News staff, and Fred Reinhardt, employed with O. O. Feltz & Company, took in Milwaukee Sunday.

Thirty Years Ago

Will Hanneman was transacting business in Chicago Wednesday.

Charles Sibley and Henry Herman are attending the races at Decatur this week.

O. DeWitt Stanton of Denonville is spending a few weeks with Antioch friends.

It is rumored that plans are being prepared for a new fifty room hotel to be built in Channahon, La.

We have been informed that Frank Pittman, Sr., a former resident of this place, who moved last spring to Chotok, Wis., is in a hospital at Chippewa Falls and at last report was very low.

On Tuesday of this week the ladies of the Angola Cemetery society of Lake Villa met at the home of Mrs. L. M. Cribb and Mrs. A. B. Johnson at this place. Mr. Haasler representing the Entorpio Fence company met with them and the ladies purchased a fine new arch for their cemetery gate. They expect to have it in place about the first of September.

Fifteen Years Ago

Mrs. W. W. Warriner spent Tuesday in Chicago.

Miss Anna Babor is entertaining her cousin, Miss Rosa Boucek.

Ivahn Radtke of Kenosha spent Sunday with her parents, Mr. and Mrs. H. A. Radtke.

Mr. and Mrs. George Richardson of Forest Park visited relatives here over the week-end.

Mr. and Mrs. Ben Burke of Waukegan were week-end guests of relatives in Antioch.

Anna, Mary and Harlow Kellogg of Milles, Michigan, are visiting at the home of their aunt, Mrs. L. Van Paten.

Ten Years Ago

Enjoying Sights in France

A letter addressed to the Antioch News from Paris was received Tuesday and upon opening it we found a short message from Mr. C. B. Van Patten and family. The message was sent on July 30th, and tells us that they are all well and enjoying the sights, taking in the battle fields of France, Belleau Woods and U. S. Cemetery and many other interesting places that were very prominent during the war days. A few poppies from the fields of no man's land were enclosed in the letter.

To Cement R. R. Crossing
Work started Wednesday on the gap north of Antioch at the Soo Line crossing in preparation for cement. Detours have been made for routes 21 by way of Trevor.

In Bad Accident

While driving through Libertyville, last Friday, Robert C. Abt, prominent real estate dealer, was hit by a taxi driven by a dork. Mr. Abt's sedan was badly damaged and how he escaped from getting severely injured is a mystery. One hand was badly cut and a number of stitches were taken.

Electric Fishes

There are several kinds of electric fishes, but the electric eel is the only one known to hunt with electricity, notes a writer in the New York Herald Tribune. Upon hearing a fish it sends out a discharge which paralyzes its victim. If not swallowed the fish will recover in from ten to fifteen minutes. Electric eels were first described scientifically in 1720. Subsequent to that time they have been objects of superstition in their native South America, and have been used for medicinal purposes. Few scientific experiments have been carried on with them because of the difficulty of bringing them to this country.

Gulls Destructive

According to investigation by the bureau of biological survey, certain species of gulls are destructive to other birds. Among these species are the black-backed and herring gulls, which break up the nests of other ducks, terns, smaller gulls and other local birds.

Can You Count 'Em?

"A hypocrite," said H. H. Ho, the sage of Chinatown, "is an actor who is sure sooner or later to attempt a role in which he is a failure."

SEES INFLATION
A SLOW PROCESS

A Real Danger for the Future, Col. Ayres Tells Banking Groups.

NEW BRUNSWICK, N. J.—Present prospects do not indicate that inflation is severe enough to cause further dollar devaluation will come soon in this country, but as an ultimate development it seems to be a very real danger, Leonard P. Ayres, Vice President Cleveland Trust Company, said here tonight in an address before the Graduate School of Banking. He believed this statement to be true, "unless the government takes frankly upon a policy of issuing fiat money with which to meet its expenses." At present that does not seem to be in sight, he said.

The Graduate School is operated jointly by the American Institute of Banking Section of the American Bankers Association and Rutgers University to offer advanced studies for bank officers.

"We have so enormously increased the capacity of our banking system for credit expansion that it is difficult to see how we could have a vigorous business revival without having it develop into a credit inflation," Colonel Ayres declared.

Inflation a Slow Process
If inflation does come it will be a slow process, he said, pointing out that in Germany, France, Belgium and Italy it took about five years to develop from the time when the governments entered upon policies of financing large peace-time deficits by bank credit up to the time when the public generally began to spend money rapidly because of fear that it would still further depreciate in purchasing power.

"If we are to go through such a period here it would seem likely that it might last rather longer than the corresponding periods did abroad," he said. "Its beginning would date from the spring of 1933 when we left the old gold basis for our money and entered upon the policy of financing large governmental deficits by the sale of Federal securities mainly to banks rather than to private investors."

"The method that we are following is the one that proved disastrous in Europe for in all those countries including Germany, the increasing issues of money that caused the inflation were not more printing press issues of fiat currency, but were secured by government bonds and notes discounted at the banks. Nevertheless, the process is inherently a slow one."

Among the clearest lessons taught by the European experience, Colonel Ayres asserted, is that there are "no sound hedges against inflation." He added:

Did Not Lighten Debt Burdens
"One of the strange facts about these inflations is that while they destroyed the value of most existing debts, they did not succeed in lightening the debt burdens of either the people as a whole, or of the corporations. Inflation destroys the value of bonds and mortgages and so confiscates the property of these holders of obligations and hands it over to the shareholders and the equity owners. However, it introduces so many new economic difficulties that these share and equity holders are at once forced to incur new indebtedness so that when stabilization comes the problems of debt are about as troublesome as they were before, or even more so."

The five requisites of inflation were listed by Colonel Ayres as first, a period of sustained active business; second, a rising stock market; third, real credit expansion; fourth, greater outflow of gold; and fifth, continued large budget deficits in government operation.

A PROPHECY

Significant economic developments to be expected in the next decade are listed by a prominent business writer as follows: (1) Higher standards of living. (2) Continued advances in technical processes of production. (3) Factory built houses, better and cheaper than hand made houses. (4) Somewhat cheaper money. (5) Faster travel. (6) News printed by radio. (7) Mechanical cotton picker, revolutionizing the South. (8) Cheaper electric power. (9) Better distribution of goods; more chain stores. (10) Another depression five or six years hence, preceded by an inflationary boom.

TWO QUESTIONS ANSWERED

Why is it that one farmer raises 100 bushels of corn to the acre, and the other one, on the other side of the fence, raises 25 bushels to the acre? Why is it that one farmer produces 100 pounds of pork out of five bushels of corn, and another uses 25 bushels? Not until power machinery, scientific principles of soil fertilization and restoration, rotation of crops, diversification of crops and economical feeding are applied to the farm, will the farmers' problem be solved, says a farm authority.

BANKING READY

NEW YORK.—There is abundant evidence that banks are in an unusually favorable position to finance a period of industrial growth, says the June issue of "Banking," published by the American Bankers Association.

An official survey on June 10 indicated that the Government of the United States, through its loans, was the potential owner of more than half of the existing world stocks of American cotton.

LAKE VILLA

Mr. and Mrs. J. M. Cannon of Libertyville called on friends here last Friday evening.

Mrs. M. H. Oldrich and baby daughter came home from the Victory Memorial hospital last Saturday and both are doing well.

Donald Sherwood, son of Mr. and Mrs. Claire Sherwood, is in the Victory Memorial hospital for observation and treatment.

Mrs. Stella Pedersen returned to her home Friday evening after a day spent with her sisters in Chicago, following the funeral of her mother in Chicago and Naperville on Thursday.

Mrs. Arthur Nauta and son, Arthur, of Waukegan spent a few days last week with her daughter, Mrs. L. C. Hamlin and family.

Mr. and Mrs. G. P. Manzar and grand-daughter, Catherine Boehm, accompanied by Mrs. Manzar's sisters, Mrs. Ames of Libertyville and Mrs. Pickering of Chicago, started early last week on an auto trip to Yellowstone Park to be gone a month or so. They are reporting good roads and fine weather so far.

Miss Ruth Perry, who has been taking a summer course at University of Chicago, returned home Saturday for the remainder of her vacation.

Mr. and Mrs. O. W. Lehmann entertained a house party of friends at their home on Fox Lake over Sunday. Mr. and Mrs. Guy Chapman and their daughter and son-in-law, Mr. and Mrs. Ross and small son, all of Beloit, Wis., were guests of Mr. and Mrs. Carl Boeger Saturday and Sunday.

Allendale Farm was a very busy place last Saturday and Sunday, as it was homecoming for former students there, and who also brought their families with them. Many cities and different states, too, were represented in the 150 or more who gathered to renew acquaintances and greet Captain and Mrs. Bradley once more. Picnic lunches were served on the lawn, and it was a day of gladness for all.

Wm. Hook made a trip to the cherry orchards at Sturgeon Bay, Wis., last week.

Mrs. Larson of Union Grove, Wis., and her daughter, Mrs. Alvina Duke of Port Worth, Texas, spent Monday with Mrs. Oscar Douglas.

The R. N. A. Juvonilles met at the Ladies' Aid room on Tuesday afternoon, with their director, Mrs. Fred Hamlin.

The P. T. A. held a special meeting at the home of the president, Mrs. William Duncan, on Tuesday afternoon.

Mr. and Mrs. H. C. Dixon and family of Waukegan were guests of Mrs. Dixon's mother, Mrs. Mary Peterson on Sunday.

Fractional Currency
Fractional currency was found generally unsatisfactory. The circulation was maintained only at great expense to the government. It was replaced by coin at the earliest possible moment. The first issue of fractional money was made on August 1, 1862; the last and 54th issue was made from February 28, 1874, to February 15, 1875.

FORD V-8 TRUCK CARAVAN TO MAKE WORKING VISIT IN ANTIOCH

*Let one of these husky visitors show
what it can do on your job!*

**NO CHARGE FOR DEMONSTRATION—ALL BODY
STYLES AND TYPES OF FORD TRUCKS
AND COMMERCIAL CARS WILL BE AVAILABLE
FOR YOU TO TEST**

Tomorrow the Ford caravan will put on a new and different sort of auto show. It will be a *working* show. The trucks will be out showing how they can handle work. See your nearest Ford dealer. Arrange with him to have one of these trucks prove what it can do at your job.

Fourteen different types of trucks and commercial cars will be in the Ford caravan.

This is an opportunity you cannot afford to miss if you are using any sort of truck.

**Free movies and music Friday evening, August 2nd
at Antioch Garage at 8:00 o'clock. Cutaway chassis
of Ford truck on view at Antioch Garage.**

Only Ford Offers all these features

1. 80 horsepower V-8 engine—exhaust valve seat inserts—new crankcase ventilation.
2. Full-floating rear axle—pinion gear straddled-mounted.
3. New rib-cooled self-centering brakes.
4. Full Torque-tube drive with radius rods.
5. New centriforce heavy-duty clutch.
6. Extra-heavy frame with full channel depth cross members.
7. Forward Load Distribution—more room in cab and more loading space ahead of rear axle.

ANTIOCH and Vicinity

WOMAN'S CLUB BRIDGE PARTY A SUCCESS

The Woman's Club card party held at the home of Mrs. H. H. Grimm Monday afternoon was a success. Fourteen tables were filled with bridge players. Several prizes were given, with Mrs. John Brogan winning the highest score. The door prize was awarded to Mrs. Holzman. Mrs. Sidney Kaiser won the pie, Mrs. James Dunn won the Lady Baltimore cake and Mrs. M. M. Miller won the devil's food cake.

CELEBRATE BIRTHDAY ANNIVERSARY

On Wednesday, July 24th, friends and relatives of Charles W. Anderson of Petite Lake, motored out from Chicago and Fox Lake, to help celebrate his birthday anniversary. Mr. Anderson, one of Chicago's Northwest town undertakers, has many friends throughout the Lakes region. After a day of sailing, swimming and boating, the guests departed wishing their host many more happy birthdays.

ANNOUNCE MARRIAGE OF DAUGHTER

Mr. and Mrs. Harry McDougall of Wilmet, Wis., announce the marriage of their daughter, Fern Elizabeth to Russell Elwood, son of Mrs. Bertha Elwood of Antioch. The ceremony took place at Woodstock Saturday, July 27th.

BETTER-JENSEN NUPTIALS ANNOUNCED

Mrs. Orville Haycock announces the marriage of her daughter, Miss Catherine Better, to Mr. Ralph Jensen of Maywood, Ill. The ceremony took place at the Jensen home in Maywood, on Saturday, July 27th, 1935.

MR. AND MRS. TAYLOR PARENTS OF DAUGHTER

Mr. and Mrs. Ernest Lyman Taylor of Eau Claire, Florida, are the parents of a baby daughter born July 18. Mrs. Taylor was the former Miss Louise Hillebrand of Antioch.

MRS. BEEBE IS HOSTESS TO 500 CLUB

Mrs. George Kuhaupt won high score at the Thursday 500 club given last week at the home of Mrs. H. F. Beebe, on Lake street. Second high score was won by Mrs. Dora Folbrink and third high to Mrs. John Horan.

LADIES' AID BUSINESS MEETING, WED., AUG. 7

The next regular business meeting of the Ladies' Aid of the Methodist Church will be held at the church Wednesday, August 7th. All members are requested to be present.

Motor Registrations for 1935 Increases State to New High

With a total of 1,398,565 automobile and trucks registered in Illinois on June 30, the number of motor vehicle licenses issued in the state this year is greater than for any year since the automobile license law became effective, a report from Secretary of State Edward J. Hughes, indicates.

The data show 1,227,404 passenger cars and 171,161 trucks licensed on the roads. Chauffeur's tags total 69,166; dealers, 3,653; trailers, 9,168; and motorcycles, 4,072. The Secretary of State anticipates a much greater increase in registrations next year when the reduced motor license fees will be paid by automobile owners.

The new automobile license fee rate reduced the \$8.00 rate to \$6.50; \$12.00 to \$10.50; \$20.00 to \$17.00; and \$25.00 to \$22.00. This law became effective July 1, 1935, but will not be of much benefit to automobile owners until they apply for new license plates in 1936.

Fiji Islanders Know Grief

Natives of the Fiji Islands, despite their savagery and low regard for human life, are known to die of grief, writes Anne Chastell, New York City, in Collier's Weekly. There are records of many cases in which both men and women, upon being permanently separated from their sweethearts, have developed what they call "dongai," which is nothing but love-sickness, and physically decline to the point of death.

Cause of Suicide

A predominant cause of suicide among both civilized and savage peoples, according to one authority, is an accumulation of aggressive, destructive instinct in the race which cannot find an outlet otherwise. Thus it is less in wartime than during peace, when there is no way to express the pent-up aggressive energy by killing somebody else.

Confederate Breastworks

Numerous earthen breastworks used by Confederate soldiers in defending Atlanta, Ga., during the war between the states remain intact in the Grant park section of the city.

Origin of Diesel Engine

The Diesel engine was patented by Rudolf Diesel in 1892. The first real engine was built the following year. It was first exhibited in 1898.

The regular monthly meeting of the Finance Committee will be held on Monday, August 13th, at 7:30 P. M.

CHRISTIAN SCIENCE CHURCHES

"Truth" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 28. The Golden Text was, "Thou hast redeemed me, O Lord God of Truth" (Psalm 31:5).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Blessed are the undefiled in the way, who walk in the law of the Lord. I have chosen the way of truth; thy judgments have I laid before me" (Psalm 119:1, 30).

The Lesson-Sermon also included the following passages from the Christian Science text-book, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The purpose and motive to live aright can be gained now. This point won, you have started as you should. You have begun at the unimpeachable of Christian Science, and nothing but wrong intention can hinder your advancement. Working and praying with true motives, your Father will open the way. 'Who did hinder you, that ye should not obey the truth?' (p. 323).

SALMON is smart

This Good Fish is Good Form, Nutritious and Inexpensive

SALMON is being served more often than ever before, not only because it is smart but because it compares favorably in nutritious qualities with meat. You can safely serve salmon as the main dish of a meal, as it provides an adequate protein. In fact, canned salmon contains more protein than round beef, roast veal or roast lamb. It can also be counted upon as a fuel or energy producing food, as it contains a high percentage of fat. Calcium, that indispensable bone and teeth builder, is also found in significant quantities in canned salmon. In fact, it contains much more calcium than whole milk. It is also an excellent source of phosphorus which is likewise needed for building bones and teeth. Finally it contains a generous amount of iodine and some Vitamin A, and is an unusually good source of vitamin D and of the pellagra-preventive vitamin G.

Salmon Secrets

But, with all these good nutritional qualities, salmon would not be smart if housewives had not learned how to make party dishes with it. Here is one of their secrets which they are willing to share with you:

Salmon Ramckins: Mix gently the contents of a 16-ounce can salmon with one and a half cups white sauce. Slice two hard-cooked eggs and use them to line individual buttered molds. Pour salmon mixture into the middle. Cover with three-fourths of a cup of chopped, salted peanuts, and set in a pan of hot water. Bake until hot and the nuts are crisp. Serve right from the ramckins. Served six.

Personals

Guests of Mrs. Mollie Somerville Sunday were: Mr. and Mrs. Elmer Halbert of Berwyn, Mrs. Lillian Halbert of Chicago and Mrs. Fred Flager of Park Ridge.

Our big shoe sale begins Saturday, August 3rd. Chicago Footwear Co. The next regular meeting of the N. A. will be held August 27.

Mrs. Lora Hartrey and son, Junior, of Evanston, stopped to call on Mrs. Ellen VanDuzer Sunday, on their way home from a vacation trip through Wisconsin.

Mrs. Adolf Pesat and sons and Mrs. Selma Rhymer returned home Sunday from a two weeks' visit at Sioux Falls, S. Dak., with Mrs. Pesat's mother, Mrs. Charlotte Loughlin.

The Rev. S. E. Pollock will conduct the church services August 4, at Millburn in the absence of Rev. O. Holden, who with his daughter, Edith, is spending a three weeks' vacation in Northern Michigan.

Mrs. H. F. Beebe spent Friday in Libertyville and Mundelein with relatives.

Jack Pearl, of Ocean City, N. Y., is spending the summer with his uncle and aunt, Dr. and Mrs. L. John Zimmerman.

Mr. and Mrs. Earle Somerville and mother, Mrs. Mollie Somerville returned Saturday morning from a two weeks' trip through Michigan, Canada, Niagara Falls and Cleveland, Ohio. They visited Mrs. Somerville's niece, Mrs. Walter Hoos, for a few days in Cleveland, and also spent a few days at Colon, Mich., the guests of Mrs. Somerville's brother and wife, Mr. and Mrs. B. Beraban.

Mrs. Florence Bloss of Salem was

a guest of Mrs. Elberta Straghan Sunday.

Mr. and Mrs. W. H. Quin and Mrs. Helen Alexander of Waukegan were callers in the home of Mrs. Elberta Straghan and also called on other friends in Antioch Sunday.

Mrs. Lillie White, Mrs. Pearl Smart, and Mrs. Oliver Cubbion of Waukegan attended the Woman's club card party at the home of Mrs. Henry Grimm Monday afternoon.

Mrs. Ellen Van Duzer spent the week-end with Mrs. W. M. Bratzke at Mundelein.

Mr. and Mrs. Erwin Potahl of Salem, Wis., and Mrs. Ellen Van Duzer spent Friday in Kenosha the guests of Mr. Lyle Van Duzer.

For real bargains in shoes, see Chicago Footwear Co., Saturday, Aug. 3. Mrs. C. B. McClellan left for her home in Los Angeles, California, Wednesday morning after an extended visit with her daughter, Mrs. Chris Laursen and family.

Miss Dorothy Aronson spent a few days in Libertyville last week. Little Miss Frances Zimmerman, daughter of Dr. and Mrs. L. John Zimmerman, is spending the summer with her uncle and aunt, Mr. and Mrs. H. W. Stone at St. Louis, Mo.

Mr. and Mrs. Myrus Nelson, Mrs. Gretchen Nelson and daughter, Una Nelson, and Mr. and Mrs. Otto Christensen spent Sunday at Starved Rock and called on Cleve Nelson at a CCO camp near Starved Rock.

Fetes in Spain, Belgium
Fetes in Spain are continuous throughout the year and combine religious observance with gaiety. Those in Belgium and the Netherlands invoke the blessing of the sea, set the carillon bells to ringing and call for the march of holy processions and the observance of days of historic interest.

Van Buren's Son His Secretary
President Van Buren was a widower with four children, all sons, when he entered the White House. Following the custom of general Presidents his eldest son, Maj. Abram Van Buren, a young man with a brilliant army record, became his private secretary.

CHANNEL LAKERS WIN TWIN BILL

Beat Antioch All-Stars, 8 to 7, Then Subdue Johnsbury, 6 to 5

Antioch and Channel Lake featured their usual close game last week with the Lakers pounding out a four run surge in the 6th to win, 7 to 5. It was the first of a doubleheader for the westlanders who took the measure of Johnsbury in the second game of the evening by a 6 to 5 count.

Antioch touched Ray Sorenson's off forlags to get themselves four runs in the 3rd, but clouts by Kennedy, O'Haver, Folbrick and Smith off Bishop settled the argument for the day. Both teams went scoreless during the last four innings.

Stage 5-Run Rally

Sheehan and Sorenson were the chief hit providers in the Johnsbury part of the bill when OLAC gathered 5 tallies in the 6th to tie up the count. They broke the deadlock in the final time at bat to capture the laurels.

By seeking two homers against the Wilmet fire ladders under the electric lights of Spring Grove's diamond Monday, Channel Lake avenged an earlier defeat, winning 6 to 2. Line-ups:

Motor Club to Explain Traffic Code

Meetings at Peoria, Waukegan, Rockford and Joliet will be held by the Chicago Motor Club for the purpose of bringing to the attention of police chiefs, justices of the peace, police magistrates, and other law enforcement officers in these areas the provisions of the new traffic code, recently enacted by the legislature. The first meeting was held in Rockford on Tuesday, July 30.

Dr. Jirka Comments on Europe

Dr. Jirka returned last week from an extended trip to Europe, and in relating some of his observations of the country in reference to health and other things, said:

"Evidence is apparent on every hand that the United States has made greater progress in the scientifically conducted war against disease than the countries of Europe, and the general level of health and comfort is higher than in Europe."

"The smaller stature of the young people, a more lethargic attitude toward life in general, a greater prevalence of tuberculosis and of diarrhoeal disturbances reflect the effects of unbalanced diets. Inadequate screening, limited public water supplies and the general absence, even in first class hotels, of bath tubs is also noticeable."

Hortons Celebrate Golden Wedding

Mr. and Mrs. Murry Horton celebrated their golden wedding Thursday, July 25, with a 6:00 o'clock dinner served in the high school cafeteria, at which about fifty guests were present. The table and wall decorations were in orchid and gold with an abundance of flowers. The bride was attired in an orchid silk crepe dress and the bridegroom wore a dark grey suit.

Rev. S. E. Pollock paid a lovely tribute to Mr. and Mrs. Horton in his after-dinner speech, after which Emil Ruch and daughter, Bernice, sang a duet, "Silver Threads Among the Gold." A short time later, a mock wedding was staged for the amusement of the guests.

Among the guests from out of town

were: Mrs. Flora Horton, Chetek; Mrs. Dell Bell, Chicago; Mr. and Mrs. Eldora Horton and Lyle Horton of Pleasant Prairie; Mr. and Mrs. Ralph Girdley, Zion City; Mr. and Mrs. Glen Craft, Libertyville; Mr. and Mrs. Harry Horton, Mr. and Mrs. Edgar Head, Mr. and Mrs. Bert Horton, all of Grayslake; Mr. and Mrs. Willis Taylor, Mr. and Mrs. Edward Jansen of Racine; and Mr. and Mrs. Gilbert Hartnell, Mrs. Clyde Wick, Mrs. Dan Johnson, and Mr. Luther Taylor of Kenosha.

Mr. and Mrs. Horton received many beautiful presents from their many friends and relatives.

Ape on Military Duty

Gibraltar is probably the only place on earth where the ape is kept for its military usefulness, for long ago they warned the guard of an invasion that was frustrated.

Foot Specialist Offers Free Transportation to North Shore Patients

North Shore residents who suffer from foot ailments, will learn with interest of unique service soon to be inaugurated by Dr. Frank Furch, eminent foot specialist, with offices at 55 East Washington St., Chicago, where some 50,000 cases have come under his treatment.

Dr. Furch is a graduate of the First Institute of Podiatry of New York City and president of the Chicago Foot Specialist Society. His activities also include a chair as Professor of Foot Surgery at the Northwestern Institute of Chicago.

Realizing that many of moderate means find it difficult to make a special trip to Chicago for treatment, Dr. Furch has conceived the idea of a series of planned trips by busses

engaged by him to provide free transportation for those patients to his offices in Chicago.

One of the first of these trips will be made shortly along Route 21, picking up patients at designated places promptly on schedule, beginning at Antioch and including Grays Lake and Libertyville. These patients will be returned in the same bus on the afternoon of the same day.

Detailed information concerning the first trip will be made in the form of an announcement in this newspaper at an early date.

Sap of Ivy Poisonous

The poisonous part of poison ivy is the milk sap, and the sap retains its poisonous properties even when dry a long time, as on dead twigs.

Robbers Were Thoughtful

The Romans robbed their cities to keep industries out of central areas, and to limit height of buildings.

HICKORY

Mr. and Mrs. Sigvard Nielsen (nee Myrtle Wilton) announce the birth of a daughter on July 28th, at St. Catherine's hospital in Kenosha.

Mrs. Frank Barber gave a little party at her home Tuesday afternoon, July 23rd, in honor of her son, Richard's fifth birthday. About fourteen relatives were present.

Mr. and Mrs. Hugo Gossardson and children attended a family birthday celebration at the Otto Olsen, Jr. home in Park Ridge Saturday evening. They spent Sunday with relatives in Chicago.

Miss Lois Hunter of Oak Park is home for two weeks' vacation.

Mr. and Mrs. Delphine from Waukegan called at the Curtis Wells home Thursday.

Mr. and Mrs. Ed Gillies of Waukegan visited Sunday at the Curtis Wells home.

Miss Ruth Ames of Gurnee visited Thursday and Friday with Miss Carol Tillotson.

Mr. and Mrs. Albert Piller and children from Waukegan visited the Frank Barber home Sunday.

Miss Bertha Lewis of Chicago has been spending the past two weeks at the Nels Nielsen home.

Mr. and Mrs. Will Thompson and Helen were Sunday dinner guests at the Philip Gould home in Grayslake.

Mrs. J. Pickles spent Sunday with her daughter, Mrs. Harrie Tillotson.

Howard Wells and Miss Marie Schdek celebrated the former's birthday on Sunday with a visit with relatives in Chicago and a trip to Brookfield Zoo.

Mr. and Mrs. Ferdinand Stener of Zion were Sunday dinner guests at the John Schaefer home.

Miss Eleanor Gould of Grayslake visited from Thursday until Sunday with her cousin, Helen Thompson.

Mr. and Mrs. O. L. Hullenbeck spent Sunday with their daughter, Miss Shirley, in Waukegan.

Mrs. Nettie Wells visited relatives in Waukegan last week.

Mr. and Mrs. Max Irving and sons were Sunday dinner guests at the Herman Lossman home in Waukegan.

Master Donald remained in town for a few days' visit with his cousins, Marion and Eleanor.

Norbert Riley of Kenosha called at Leo Carney's Sunday evening.

MILLBURN

A meeting will be held at the Millburn school Saturday evening at 8:30 at which time plans for the new church building will be shown and discussed. All who are interested are invited to attend.

Elvin Denman of Waukegan is visiting his cousin, Robert Denman.

Lois Bonner spent Friday with her friend, Carol Hobbs at the Sipsma home at Deep Lake.

Mr. and Mrs. Robert Erwin of Waukegan were dinner guests at the George Edwards home Sunday.

Rev. Holden and daughter, Edith, left Sunday night for three weeks' vacation in northern Michigan. Rev. S. E. Pollock will conduct the church services August 4th.

Mrs. John Chukosky and son of Milwaukee spent several days at the E. A. Martin home. Mrs. Chukosky will be remembered as Miss Mary Dunbar who taught Millburn school several years ago.

John Edwards, Allan Bock and Mrs.

Edwards drove to Rantoul, Ill., Friday.

Mrs. Jennie Pickles of Hickory spent Friday at the home of Mrs. D. B. Webb.

Mr. and Mrs. Arthur Simmons and son of Niles Center and Mrs. Lottie Gardner and daughter, Mabel, of Evanston were callers at the George Edwards home Sunday afternoon.

Mrs. Egbert of Waukegan spent several days with Mrs. Jessie Low.

Mr. and Mrs. Ed Leible and son of Rosecrans were callers at the Marcus Hoffman home Friday.

Mr. and Mrs. Alfred Morris of San Francisco, California, were guests at the home of their cousin, Dr. H. H. Miller, Saturday.

Mrs. Miss Gilbert of Waukegan visited at the home of her brother, Dr. H. H. Miller, from Wednesday until Sunday evening.

Mr. Clark of West Lebanon, Ind., spent the past week at the home of his cousin, Stanley Clark.

Elvin Denman of Waukegan spent several days at the home of his sister, Mrs. W. L. Denman.

Clocks and Watches

The Chinese claim to have invented the clock about the year 2000 B. C. There is a general belief that Gerbert, who afterward became Pope Sylvester II, made the first mechanical clock for the Magdeburg cathedral in the year 960 A. D. Before that time, sundials, sand-glasses and clepsydras (water-clocks) were employed, also notched candles and graduated lamps. Peter Heister of Halle of Brunswick is given credit for the invention of the mainspring which made watches possible about the year 1500, and one of the oldest watches in existence was made in that city in 1500.

Good Printing Pays

Being Proficient, Efficient
Proficient and efficient are almost interchangeable, but not quite. Proficiency denotes skill, as does efficiency. But the latter introduces an element of mental capacity not connoted by the former. To illustrate: Two workmen may be equally proficient, equally facile with their tools. They are given identical jobs. One arranges his tools orderly, so that there will be no lost time in the performance of the job; the other mislays his tools and loses much time in finding them. The first is efficient; the second is not. Similarly, a woman may be a proficient, a capable housekeeper; but not nearly as efficient as she would be with modern mechanical aids.—Literary Digest.

The Last Duel
No definite information is available on the date and place of the last duel in this country. A bill prohibiting dueling in the District of Columbia was passed in 1839 and since the Civil War stringent laws have been passed in all the states against dueling. The practice became obsolete in this country decades ago, but it was a gradual disappearance and no doubt many duels were fought secretly even after the passage of some of the state laws.

St. George's Bay
The bay where Beirut, Syria, stands, is known as St. George's bay, and takes its name from the legend of St. George and the dragon. The well into which the dead body of the dragon was cast is still pointed out to those who are willing to believe the story.

Coal in Last 550 Years
The British Isles have sufficient coal resources for at least 550 years, according to a recent survey.

The Lizard Canary
Though smaller than the Norwich, the Lizard canary resembles the latter variety somewhat in build. It is not so full in the neck or so large in the head, however. English breeders say that the first Lizard canaries were brought to their country by the Huguenots when they fled from the continent, and these birds probably made their first journey to America via the British Isles.

Animals of Late Stone Age
Men of the late Stone age in Europe had for domestic animals the ox, pig, sheep, goat, and dog, and possibly the horse.

ATHLETE'S FOOT RINGWORM

Go to Reeves' for a quick relief for Athlete's Foot, Ringworm. Are feet sore? Skin raw, cracked between and under the toes? Just ask for ZENZAL. Money back if ZENZAL does not quickly soothe, cool and heal.

THE CREAM OF THE MARKET

WOMEN'S PAGE

Maybe You Would Like to Adopt These Dishes

These are dishes modern eastern homemakers find in favor.

- Chicken and Oyster Patties**
 1 1/2 tablespoons butter
 1/2 tablespoons flour
 1 cup thin cream
 1/4 teaspoon salt
 1/4 teaspoon celery salt
 1/4 teaspoon paprika
 1/4 cup shredded canned pimento
 5-ounce can oysters
 2 cups diced cooked chicken
 Patty shells.

Make a cream sauce of the butter, flour, cream, salt, celery salt and paprika. Add the pimento, oysters and diced chicken. Serve at once in patty shells. Serves six.

- Raspberry Sherbet**
 1 glass currant jelly
 1 1/2 cups raspberry juice
 2 cups water

Heat together the jelly, raspberry juice (from canned raspberries) and the water. When the jelly melts, cool and freeze. Deliciously served with chicken or some other main course dinner. Serves eight.

- Pineapple and Banana Ice Cream**
 1 cup evaporated milk
 2 cups thin cream
 1 cup sugar

Scald together the evaporated milk and the cream and sugar. Cool. Add the pineapple and banana pulp. Freeze. Serves five.

- Philadelphia Cinnamon Buns**
 5 tablespoons sugar
 4 1/2 cups flour

1 teaspoon salt
 5 tablespoons baking powder
 4 tablespoons shortening
 2 eggs, beaten
 1 cup water
 3/4 cup sugar
 4 teaspoons cinnamon
 8 tablespoons raisins
 6 tablespoons brown sugar
 6 tablespoons butter

Sift together the first four ingredients, rub in lightly the shortening. Add the eggs to the water and add to dry ingredients, slowly until it forms soft dough. Roll to one-fourth inch thick on floured board, brush with melted butter and sprinkle with the 3/4 cup sugar mixed with the cinnamon and raisins. Roll as for jelly roll. Cream the brown sugar with the butter and spread on bottom and sides of iron baking pan. Cut dough into 2-inch slices, placing in pan with cut side down. Allow to stand fifteen minutes, then bake in hot oven, 125 degrees about twenty-five minutes. Remove from pan at once, turning upside down to serve. Makes about twenty-four buns.

- Royal Cabbage Salad**
 1 cup diced pineapple (fresh or canned)

1 cup diced celery
 2 cups shredded cabbage
 5 cups whipped cream
 6 tablespoons prepared mustard
 6 tablespoons honey
 1 tablespoon lemon juice

Mix diced pineapple, celery and shredded cabbage. Mix honey, lemon juice and mustard and add this mixture to whipped cream. Then stir in pineapple vegetable mixture. Serve at once on beds of lettuce and garnish with half of honey cream cheese, made by blending a little honey with cream cheese. Serves six.

- Cheese Sauce**
 1 tablespoon butter
 2 tablespoons flour
 1 cup hot milk

1/4 teaspoon salt
 1/4 cup cubed or grated cheese
 Melt butter, blend in flour. Slowly add the hot milk, stirring to keep sauce smooth. Cook until thick. Add the salt and cheese. Cook slowly and stir until cheese is melted. Serves four.

- Cucumber Salad Relish**
 1 package lemon-flavored gelatin

1 cup boiling water
 1/4 cup cold water
 1/4 cup mild vinegar
 1/4 teaspoon salt
 1/4 teaspoon pepper
 1/4 teaspoon green coloring, if desired

2 cups cucumber, chopped and drained
 1 onion, finely chopped.
 Dissolve gelatin in boiling water. Add cold water, vinegar, salt, pepper and enough green coloring to make mixture a delicate green. Chill. When slightly thickened, add cucumber and onion. Turn into individual molds. Place in freezing compartment of refrigerator. Chill 1 1/2 hours. Unmold. Serve as salad garnished with mayonnaise, as a relish for fish. Make twelve half-molds or six full molds.

- Refrigerator Pumpkin Pie**
 1 tablespoon gelatin

1/4 cup cold water
 1 1/2 cups milk
 1 1/2 cups pumpkin (cooked)
 2 tablespoons butter
 2 tablespoons molasses
 1/3 cup sugar
 1 teaspoon ginger
 1 teaspoon cinnamon or mixed ground spices

Soak the gelatin in cold water. Beat milk, pumpkin, butter and molasses together in double boiler. Combine sugar, ginger, cinnamon and salt and add to the liquid mixture. Add softened gelatin and mix thoroughly. Cool. Pour into a pastry crust.

Work is the yeast that raises the dough.

BREAKING EGGS FOR BREAKFAST

HAS it ever occurred to you that the French word *déjeuner* is a combination of the words "journal" — to fast — and "de", which means as a prefix, "day", so, whether you "breakfast" or "unfast" you're doing pretty much the same thing? But a French omelet is quite a different thing from a puffy omelet, although you have to break eggs to make both. Here's the

Method for Making French Omelet: Beat four eggs slightly, just enough to mix the yolk and white. Add one-half teaspoon salt, a few grains pepper and four tablespoons milk, water or cream. Put a small amount of butter in a hot skillet and shake around till it's well greased on bottom and sides. Pour in egg mixture, reduce heat and cook very slowly until creamy, constantly lifting the cooked portion at the sides with a knife or spatula to allow the uncooked mixture to run out and cook. When creamy all through, roll or fold over like a half-moon and serve at once.

Another Way

And here's the way to make a puffy omelet with exactly the same ingredients:
 Beat four egg yolks until thick and lemon colored. Add one-half teaspoon salt, a few grains pepper and four tablespoons milk, water or cream. Beat egg whites until stiff and fold into the yolks. Put a small amount of butter in a hot skillet and shake around till it's well greased on bottom and sides. Pour in egg mixture, reduce heat

and cook very slowly until a golden brown on the bottom and the mixture is well puffed up. Then set skillet in the oven for a minute or two to dry off the top. Fold over like a half moon and serve at once.

But these two methods are not the only way of varying omelets by a long shot. You can make vegetable omelets, omelets with macaroni and tomato sauce, asparagus omelets, cheese omelets, fish omelets, jelly omelets, mushroom omelets and many more. Here are a couple made by the methods described above.

Try These Omelets

Asparagus Omelet: Make a French omelet of four eggs, one-half teaspoon salt, a few grains pepper and four tablespoons cream, adding two tablespoons grated cheese just before pouring into skillet. Cut the all-green asparagus from a 10 1/2-ounce can in half-inch pieces, heat, drain off any liquid, add one tablespoon butter, one teaspoon lemon juice and one teaspoon chopped parsley, and reheat. Spread over omelet just before folding. Serves four liberally.

Cheese and Spinach Omelet: Make a puffy omelet of four eggs, one-half teaspoon salt, a few grains pepper, four tablespoons cream and one-third cup grated cheese, folding in the grated cheese with the beaten egg whites. Heat one cup canned spinach, drain, season to taste with butter, salt and pepper and spread on the omelet just before folding. Serves five.

My Favorite Recipes

Frances Lee Barton says:

IN the spring a housewife's fancy lightly turns to thoughts of clothes, and away from hot kitchens and heavy, hard-to-prepare desserts. Dear ladies — this is fruit-laden gelatin weather. Out with that bowl of boiled rice you've been harboring in the refrigerator; open a small can of pineapple; hot for the fast, full speed ahead for the prettiest, tastiest, dessert you ever saw.

- Pineapple Rice Cream**
 1 package lemon-flavored gelatin
 1 cup warm water; 1 cup canned pineapple or other fruit juice; 1/2 teaspoon salt; 4 tablespoons sugar; 1 cup heavy cream; 1 can cold cooked rice.

Dissolve gelatin in warm water. Add fruit juice, salt, and sugar. Chill until cold and syrupy. Fold in cream, whipped only until thick and shiny, but not stiff. Fold in rice. Chill until slightly thickened. Turn into mold. Chill until firm. Unmold. Serves 10.

Cherry Shortcake

- 2 cups flour
 1/2 teaspoon salt
 4 tablespoons butter
 4 tablespoons baking powder
 2 tablespoons sugar
 1/2 cup milk
 1/2 cup butter
 2 cups canned, pitted cherries
 1 cup cream, whipped.

Sift the flour, salt and baking powder and sugar. Cut in the 4 tablespoons butter. Add milk and mix well. Cut pastry in thirds and roll each to a thin sheet. Then place one layer upon the other, buttering each layer, using the one-half cup butter. Cut into squares or rounds and bake in a hot oven about twelve minutes or until nicely browned. Cool slightly, split apart and put the stewed cherries between each layer. Heap the top with whipped cream and serve.

Many Visit Logan Elm

It is estimated that 10,000 persons annually visit Logan Elm under which Logan, chief of the Mingos, delivered his famous peace speech in 1774. This majestic elm stands below Circleville, Ohio.

Could Not Solemnize Marriages
 Prior to 1705, Presbyterian ministers were not vested with authority to perform marriage ceremonies in North Carolina.

and potatoes, all sprinkled with parsley or chives and dusted with paprika.

EGGPLANT

Because of its many possibilities as a meat substitute, eggplant should be far more widely used than it is. While its food value per pound is only a little more than one-third that of milk, when cooked in fat it gains much in this way, and its palatability adds greatly to its worth.

Baked Stuffed Eggplant.

- 1 eggplant
 1 cup bread-crumbs
 1 tablespoon drippings
 1 tablespoon grated onion
 1 tablespoon chopped parsley
 1 egg
 1 teaspoon salt
 1/4 teaspoon white pepper
 Dash paprika
 1 tablespoon melted butter.

Wash and pare the eggplant, cut in half the long way; remove center, leaving shell half inch thick. Put the shell into cold water at once, so it will not discolor. Cut the center, in small pieces; put in saucepan, cover with boiling water and boil ten minutes, drain and mash. Put the drippings and onion in frypan, add the mashed eggplant and bread-crumbs, stirring so it will fry dry. Add the salt, pepper, parsley, paprika and well-beaten egg; mix well and remove from fire. Remove eggplant from water, dry with a piece of cheesecloth and fill with the mixture; dust with bread-crumbs and melted butter; put in moderate oven for 30 minutes; serve with cream sauce.

Fried Eggplant.

Wash and pare the eggplant; cut into 1/4-inch slices; dust with salt and pepper; dip in flour, then in egg (1 egg beaten with 1 tablespoon milk) and then in bread-crumbs. Fry in deep, hot oil or drippings.

A Lightning-Change Artist

A can of corn, before it is opened, appears to be a comfortable-looking cylindrical tin container with an appetizing-looking label depicting and describing its contents, as it stands snugly on your pantry shelf. But the moment it's opened and a can of corn becomes a lightning-change artist of many varied possibilities. It may become, according to your taste, a cake, a casserole, a chowder, a fritter, an omelet, a pudding, a salad, a scallop, a soup, a stuffing, or in combination with beans, a succotash.

Of course you probably like corn just as it comes from the can, but you may want to vary occasionally from that. If you do, stir into the contents of a No. 2 can of corn two eggs, two tablespoons of flour, a teaspoon of baking powder, a dash of cayenne and half a teaspoon of salt. Pour in a buttered baking dish, dot with butter and bake, and you'll have an entirely different dish.

Here Are Some Roles

How does canned corn become a cake? Well, here's a recipe for **Corn Cakes:** Beat two eggs well, add half a cup of sour milk, one-fourth teaspoon soda and a cup of canned corn. Sift together one cup flour, one-half teaspoon salt and two teaspoons baking powder, and add. Add one tablespoon melted butter, and fry in small cakes on a hot griddle. Serve with pork sausage and gravy or with maple syrup.

Corn's lightning-change to a casserole is accomplished in the following:

Corn and Mushroom Casserole: Sauté two tablespoons sliced onions and the sliced mushrooms from a 4-ounce can in one tablespoon butter for several minutes. Add the contents of a No. 2 can creamy corn, three-fourths cup chili sauce and salt and pepper, and turn into a buttered casserole. Bake in a moderate 375 degrees oven for about thirty minutes. Serves six.

No Running Over Bridge

When, long ago, the city fathers of Luray built themselves a bridge across a nearby creek they must have built a flimsy structure. For they made a law, still on the statute books of the Virginia town, which stated that no boy "should trot or run across the bridge even if he were barefooted."

Insignia of Army Chaplain

A Christian army chaplain has a silver Latin cross, one inch in height. A Jewish chaplain has a double tablet bearing Roman numerals from 1 to 10, surmounted by two equilateral triangles interlaced, all silver, one inch in height.

Introduced Fox Hunting

Lord Fairfax is credited with introducing fox hunting in Virginia in 1739. In 1742 he sent to England for the first pack of English-bred foxhounds.

ASPARAGUS The Party Vegetable

WHENEVER we wanted to impress our guests with the splendor of our meals at our house we invariably served asparagus. That was a long time ago, but asparagus has never ceased to be a party vegetable. And, as is quite appropriate, people have never ceased to devise tasty new party dresses for it. The latest ones are very attractive. You should see, or rather taste.

Asparagus and Shrimp Cocktail: Line two cocktail glasses with lettuce leaves. Cut the tips from a can of asparagus (reserving stalks for creaming or soup the next day) and arrange five or eight canned shrimps in the lettuce-lined glasses. Combine two tablespoons mayonnaise with two tablespoons chili sauce, and pour over. Serve very cold. Serves two.

In Regal Garb

Asparagus a la King: Heat the asparagus in one square can in its own liquor, pouring off one-third cup liquor to use in white sauce. Make this white sauce of two tablespoons butter, two tablespoons flour, one-half cup water, one-third cup asparagus liquor, one-half cup evaporated milk and salt and pepper. Add two tablespoons shredded green pepper and the contents of a two-ounce can mushrooms in one tablespoon butter, and add. Lay asparagus on hot buttered toast, and pour sauce over. Serves four.

And here's an asparagus recipe which you can serve to six people for about half a dollar in the best Parisian style:

Asparagus Sold Parisienne: Drain and chill the asparagus tips from a 16-ounce can; then arrange on one-half bunch of crisp romaine. Finely chop half the contents of a 4-ounce can pimento, and add with two tablespoons capers to one-third cup French dressing. Pour over the salad and serve very cold. Serves six.

Short World Tour

One can technically walk around the world in just three steps by just walking round either the north or south poles.

Furious Fists Fly As Raines Makes Plummer Behave

After exploding enough noise to make a boiler factory meeting, the thick skull of Waukegan Lou Plummer crunched head-on against the thick skull of Texas Dick Raines to lay them both among the sweet peas at the same time Friday night at the Hanned House wrestling show in Round Lake. Raines tottered to his feet at the count of 6; but Lou remained in his trance for the long-count to lose the decision. Then the fun began!

Referee Charley Lavine held Dick's mitt aloft the winner, turned his back, and Dick promptly dealt a flying leap at the dizzy Lou to park him on the bosom of his trunk amid the customers. The crowd roared. Ref Charley roprimanded Dick with a "how come," to which the Texan said "he thought it was just a dandy idea to smack 'that big Waukegan sissy.'"

He's Up! He's Down!

Sock! And Raines went down. Another sock! And the referee was down. Lou was back in the ring in an argumentative state. Sock! And Lou was down with Raines squatted athwart his frame. Sock, some more—until the boxing commission's representative threatened to ban the two from future bouts.

During the brawl Lou got a kick in the molars from the referee when he playfully refused to omit foul tactics. Most of the time the gladiators wasted enough gestures to conduct successfully a Maxwell street jewelry auction, spilled language all over the premises, smacked each other around like a moth in a seaside boarding house, and had a ducky time—much to the glee of the customers who cried for more! There was little real wrestling skill shown. After Dick left the arena, Lou started exerting his belligerent energy among the customers until the commissioners caught up with him, and told him to go soak his head.

Additional Results

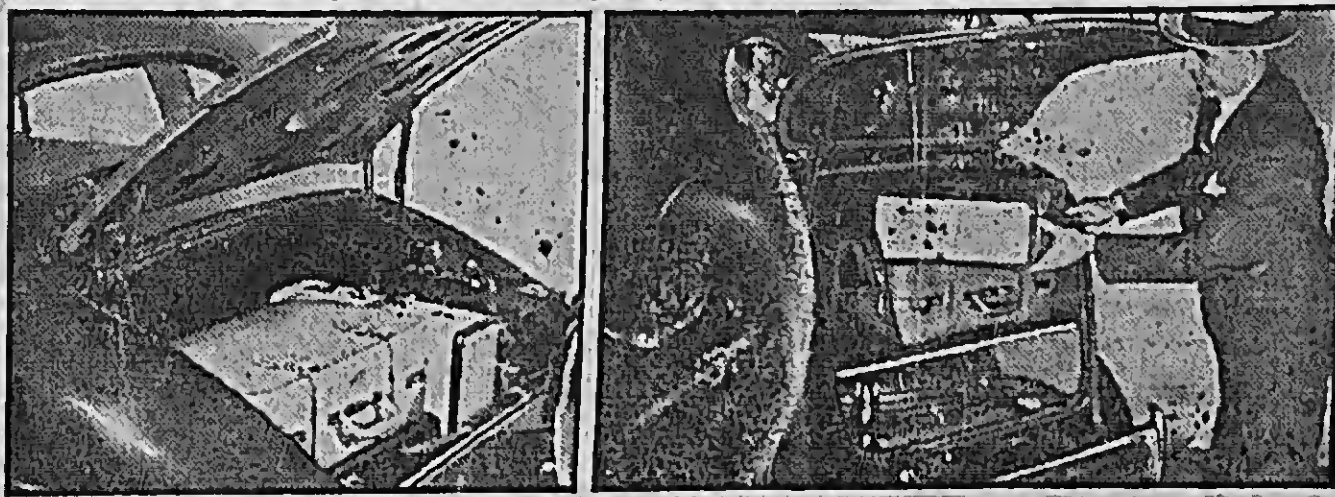

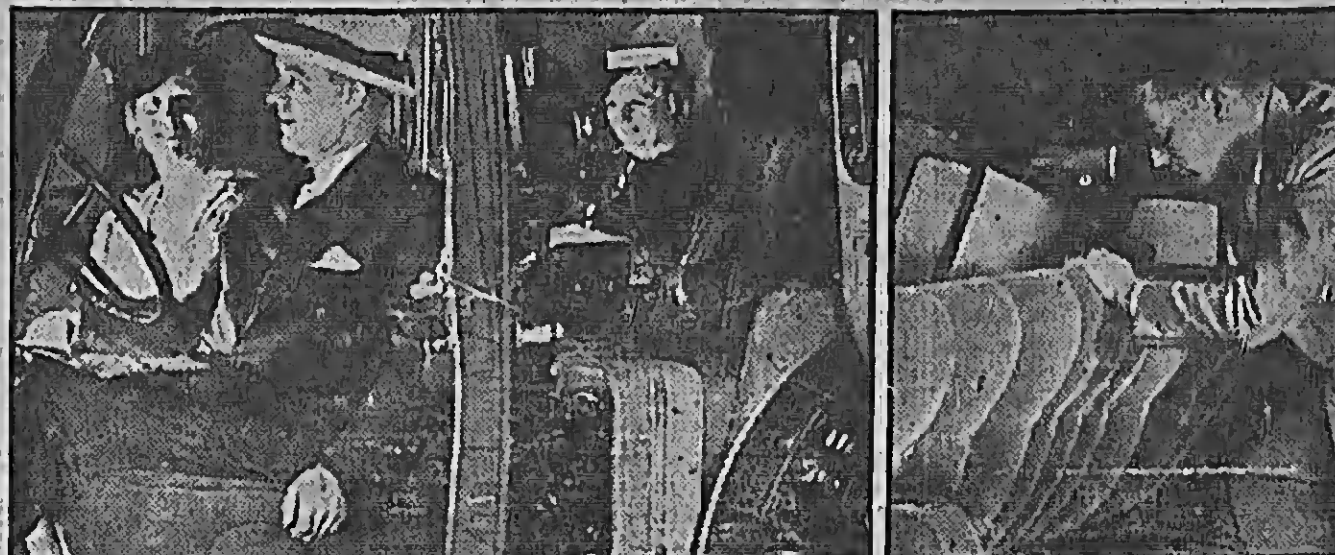

In the semi-final, Bobby Brinn of Lake Villa and Don Kock, ex-Marquette man, grappled to a draw in the cleanest match on the card. Ray Richards, former Nebraska footballer, floored the slugging George Mack in 9 minutes, while Olaf Oleson stayed to a draw with George Hansen in another rough bout.

As the prize for conquering Plummer, Raines will wrestle Jim McMillen of Antioch, who was an interested ring-sider, in a match to the finish in the main event of the third all-star wrestling cards to be presented in the Round Lake arena one week from tomorrow (Friday) night.

The pair met several times a few years ago but neither ever won decisively from the other; but with Jimmy Mac making a world title campaign and defeating all-comers for the past year, Raines has put in his bid to halt the impressive victory string of Antioch's world title contender.

Properly Stowed Bags Add to Comfort

Comfort, pleasure, and safety on a tour depend largely on efficient loading of the luggage, and modern body designs have done much to ease the problem, as these views of Chevrolet models reveal. In the upper left view, the suitcases have been fitted snugly, the adjustable front seat having been moved forward to allow extra room; and the driver is now pushing back the seat to clamp the bags in place for the day. Upper right, the tourist is utilizing the baggage space back of the rear seat. The two lower pictures show the loading of a coupe compartment and a sedan trunk.

A Very Cold People

The most primitive people yet found are the Jarawa pygmies of the Andaman Islands, in the Bay of Bengal. They have not yet learned to build a fire.

Buffaloes Followed the Grass

In the days before the white man, immense droves of humped buffaloes would leave Texas, Arizona, and New Mexico in the spring of the year and leisurely follow the grass, probably into Canada. When cool weather came they would retrace their steps. Before the advent of the railroad, Texas cattle men following the buffalo's lead, drove their herds over the old Chisholm trail. They found that by adopting the tactics of the nomad of the prairie they would be assured of bonafide grass, by driving about ten miles a day, starting when the grass reached the peak of its greenness in Texas.

"Up" and "Down" of Wheat

In the bygone days in Ohio, one could always tell on meeting the farmers returning from market whether wheat was "up" or "down." If wheat was "down" they approached slowly, their heads and shoulders drooping, their countenance cheerless, and to the question of the price would draw out in grumpy tone "a-ty cents." If wheat was "up," they would be seen coming up the road at a brisk stride, heads and shoulders up, and their eyes bright. If you inquired of the price of wheat "today," they would answer with one cheerful word, "dollar,"—Cleveland Plain Dealer.

At Fish Smell and Sea

There is some detection of the power of smell in fishes, but this sense is not independently and neatly developed. Likewise the eyes, notes the Washington Star. While well developed cornea, lens and pupils are absent, it is not believed that vision, although acute within limits, has advanced to a degree corresponding to the high position in the animal kingdom held by fishes. Of particular interest in connection with the eye of fishes is the fact that there is not a fixed point of focus. Fishes do not see objects, even in motion, at great distances.

Tea From China

The use of tea was first discovered by the Chinese in the third dynasty, at the close of the Han dynasty, and history is full of quaint legends regarding its inception. Though tea growing has been transplanted to almost every Asiatic country, the Chinese still claim that there is something in the climate and soil of that country that produces tea with special fragrance and flavor.

One of the smallest churches in the world is at St. Lawrence, on the Isle of Wight. The 30-by-12 foot structure dates from the Twelfth century.

Hibernation Lowers Heartbeats
Heartbeats of animals in winter hibernation drop as low as one to ten a minute, whereas normally they average between 100 and 200.
